

Declaration

Wendel Dean Renner of 5975 Gales Lane, Columbia, Maryland, 21045, the above-named petitioner, declares that he is a citizen of the United States and resident of Maryland, that he verily believes himself to be the original, first, and sole inventor of the improvement in quality control for radiation therapy and claimed in the annexed specification; that he does not know and does not believe that the same was ever known or used before his invention thereon, or patented or described in any printed publication in any country before his invention thereof, or more than one year prior to this application, or in public use or on sale in the United States more than one year prior to this application; that said invention has not been patented in any country foreign to the United States on an application filed by him or his legal representatives or assigns more than twelve months prior to this application; that he acknowledges his duty to disclose information of which he is aware is material to the examination of this application, and that no application for patent on said invention has been filed by him or his representatives or assigns in any country foreign to the United States.

The undersigned petitioner declares further that all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Inventor's full name:

Date: March 6, 2002
